

# Senior HIV/STI Surveillance and Prevention Scientist Assessment

Chukwunonye Aneke

2024-09-30

## **Analysis of UKHSA epidemiology data.**

As the Senior Technical Advisor for the Global Fund HIV Prevention Program in Nigeria, I was responsible for analyzing data from various HIV surveillance systems and providing actionable recommendations for targeted interventions. Our primary challenge was to reduce late diagnoses, engage hard-to-reach populations, and ensure effective data integration across different surveillance systems to give a clear picture of the epidemic.
